Konkus Captures Mid-Amateur Title

Ryan Konkus, of Hobe Sound, was crowned the 2003 Florida State Mid-Amateur Champion after he defeated **Peter Dachisen**, of Wesley Chapel, 1 up. **Emerald Dunes Golf Course** in West Palm Beach hosted the Championship on October 2-5.

The final match between Konkus and Dachisen lasted right through the 18th hole. Dachisen jumped out to an early lead after going 2 up after three holes. Konkus, who is a three-time Palm Beach County Golf Association Mid-Amateur Champion, sank a 50 foot birdie putt on hole #4 to go 1 down. Dachisen remained 1 up as both competitors made birdie on the 199 yard, par 3, 8th hole. Konkus won hole #12 to square the match and went 1 up after hole #14. He was then 2 up after hole #16 with only two holes to play. Dachisen made birdie on hole #17 to be only one down going into the 18th hole. Konkus saved par with an excellent bunker shot six inches from the hole as Dachisen missed a chip-in for

birdie to square the match resulting in a win for Konkus.

In the semifinals, Konkus defeated **Mark Leetzow**, of Sarasota, 2 and 1. Konkus beat two past Florida State Mid-Amateur Champions in this event, **David Anthony**, the 2002 Champion and **Leetzow**, the 1998 Mid-Amateur Champion. In the other semifinal match, Dachisen defeated **Michael Nealy**, of Boca Raton, 2 and 1. Nealy was the medalist after the stroke play qualifying rounds the first two days of the Championship. All semifinalists receive exempt status into next year's Florida State Mid-Amateur Championship.

After nine qualifiers across the state, 90 players advanced to the Championship at Emerald Dunes. The Championship consisted of 36-holes of stroke play qualifying over the first two days with the lowest 16 advancing to match play on the final two days.

To be eligible for the State Mid-Amateur, participants must be 25 years

North Team Wins Florida Cup & Evens Series

The North team was victorious in the **Florida Cup Matches** as they defeated the South team by a score of 20 points to 12 points at **Avila Golf and Country Club** in Tampa. With the North's win, the series is now tied at two a piece.

After the first day, the North team led the South team 10 ½ points to 5 ½ points. In the morning round of four-ball stroke play, the North earned 6 ½ points while the South team gained 1 ½ points. North Florida won six of the eight morning matches and finished all square in one match to receive the half a point as did the South team. Last year's Player-of-the-Year, **Rick Woulfe** and partner **Frank Strafaci** were the lone winners of the South team as they defeated North captain **Andy Purnell** and teammate **Steve Carter**, 2 up. The afternoon round featured foursome matches and finished with both teams receiving four points.

The North team celebrates their victory in the **Florida Cup Matches**.

flight, **Mark Taylor**, of Jacksonville, and **Mark Peterson**, of Longwood, recorded a 70-68--138 to claim the first flight as **Joe Steinberg** and **Terry Tavrell**, both of Valrico, won the second flight. The North Championship consisted of 48 teams vying for the title.

The South Championship featured the Naples team of **Lee Booker** and **Scott Ernst** shooting a 66-63--129 to win the Championship flight by five strokes. In second, **Bruce Fitzpatrick**, from Homestead, and **Samuel Martinez**, of Miami, shot 66-68--134. The 28 teams were divided into two flights as **Chris Muscara** and **John Hewlin**, both from Bradenton, shot a 71-69--140 to win the first flight.

Both Championships are 36 holes of four-ball stroke play over two-days. To be eligible for the Mid-Senior Four-Ball Championships, participants must be 40 or older.

What's A Ball Drop?

by Jack Pultorak, FSGA Director of Rules and Competitions

One of the responsibilities of the Committee is to make and publish Local Rules for local abnormal conditions if they are consistent with (the Rules of Golf). Almost hidden in the back of the Rule Book is Appendix I which covers Local Rules and the Conditions of the Competition. Buried even further back in Section A of the Appendix is the section on Dropping Zones (Ball Drops).

Dropping Zones, or more commonly referred to as Ball Drops, are "special areas on which balls may or shall be dropped when it is not feasible or practicable to proceed exactly in conformity with Rule 24-2b or 24-2c (Immovable

Obstruction), Rule 25-1b or 25-1c (Abnormal Ground Conditions), Rule 25-3 (Wrong Putting Green), Rule 26-1 (Water Hazards and Lateral Water Hazards) or Rule 28 (Ball Unplayable)."

Many people think that ball drops are used **only** as an additional option for a ball that is in or lost in a water hazard such as the dropping zone on the famous island green #17 hole at the TPC Sawgrass course. When in reality, a ball drop may be utilized by the Committee in many other ways.

A ball drop may be implemented as an additional or a required option for a ball that has interference or is lost in an immovable obstruction such as a road or maintenance shed. In order to preserve a flower bed or newly sodded area, a wrong putting green or in rare occasions,

for a ball unplayable; a ball drop may be used if it not practicable to proceed in accordance with Rule 25 or 28.

Notice that a ball drop may **not** be instituted for a ball that is lost or out of bounds (Rule 27). Your only option is stroke and distance.

And if you want a good one for the clubhouse, how about a ball that when dropped strikes the ball drop and then rolls forward about a club length and comes to rest outside of the ball drop and nearer the hole. Is it in play? You bet it is!

For more information on ball drops, look at Decision 33-8/34 in the Decisions on the Rules of Golf Book.

Remember, it pays to know the Rules. Knowing the Rules of Golf can help you save strokes and enjoy the game of golf.

Florida Finishes Tied For 20th In USGA Team Championship

The Florida team of **Michael Nealy**, **Rick Woulfe** and **Andy Purnell** shot a three-day total of 433 to finish 20 strokes behind Tennessee at the **USGA State Team Championship** at **Charles River Country Club**. Tennessee won the title by four strokes shooting a 7-under par 413.

After being tied for 30th going into the third round, Florida had a strong finish. Rick Woulfe, of Fort Lauderdale, shot the low round of the team on the final day, a par 70, while Michael Nealy, of Boca Raton, recorded a 71. Andy Purnell, of Jacksonville, shot a 79 in the final round. For the last day, Florida finished with a 141 total since the two lowest scores by players from each team constitute the team score for each round. In three rounds, Florida shot a 142-150-141 giving them a 54-hole total of 433.

The players were selected by the Florida State Golf Association through an accumulation of points determined by their play in FSGA and USGA events. The USGA State Team Championship began in 1995 to celebrate the USGA's Centennial celebration. It was such a success that the USGA now conducts the event every two years. Fifty-two teams, from all 50 states and Puerto Rico and the District of Columbia, are invited to send three non-college amateur players and can choose their teams by any method.

Held every two years, the Florida Cup matches 16 of the top amateurs from North Florida versus 16 of the top amateurs from South Florida. Using a Ryder-Cup format, the winner is determined by the number of points earned throughout the two days. Using the Florida State Golf Association's point standings list, players are invited based on their point stand-

ings. South Florida won the Matches in 1997 and 2001 while the North won in 1999.

North captain, **Andy Purnell** accepts the **Florida Cup** trophy from FSGA Board Member and South team captain **Rick Woulfe**.

Players Turf International Synthetic Turf Products

- Home putting and chipping greens
- Tee Lines for golf course driving ranges
- Walkways for high traffic areas

Why Players Turf and not others?

Putting and Chipping Greens

Players Turf International has turf with Unique "Quartz" infill, the best design system, and the best installation process in the synthetic turf industry. Our turf is uniquely and exclusively designed for Players Turf. The fibers of the turf are the softest in the industry, which allows realistic ball action for both putting and chipping. Our system will allow you to back-up a ball on the green when hitting shots just like a real grass green. The fibers at 1 3/8" in pile height which allows for 8 pounds per square foot of our 88% uniform monocrySTALLINE quartz. Our infill is the highest percentage of uniformity in the industry. This is what allows air pockets in the turf so the green does not get hard over time, like sand. The closest percentage uniformity of infill in the industry is only 58%. Then we top dress green with epoxy-coated quartz to enhance the final appearance.

Tee Lines for Driving Ranges

The fibers of the tee line are 2" in pile height which allows for 10 pounds per square foot of our 88% uniform monocrySTALLINE quartz. Does not compact like sand infill. Eliminates the bouncing and rebound effect created when using rubber as an anti-compaction agent with sand. No rubber floating to the top from rain that comes from using a rubber/sand infill.

Volunteer Appreciation Days

All FSGA Volunteers were invited to one of the seven Volunteer Appreciation Days in the state. More than 200 volunteers enjoyed a day of golf, lunch and fun! Here are some highlights from around the state.

2004 FSGA Membership

It's that time of year again - time to renew your FSGA membership. We are really trying to push signing up online so if you join on the internet before the end of the year, you will receive a \$5 discount. This price adjustment only applies to Patron, Regular and Junior memberships. For those of you who do not have access to a computer, a membership mailing will be sent in early December. Log on today at www.fsga.org to renew your membership.

Thank you to the following members who have already joined as Director's Council Members for 2004.

Shingle Creek GC, Orlando
The CC of Silver Spring Shores, Ocala
Sara Bay CC, Sarasota**

A Tournament Chairmen's Meeting was held in Tampa on October 21-22 for all the Tournament Chairmen in the state. The focus of the meeting was to continue to build and improve the quality of tournament administration in all FSGA events. Topics discussed included qualifications and training for Tournament Chairmen and Rules Officials, the FSGA Pace of Play policy, the website and upcoming seminars.

Now Accepting Winter Series Entries At WWW.FSGA.ORG

Sign up now to play in one or all of the 2003-2004 Winter Series events. We are now accepting entries online at www.fsga.org.

This year brings a few changes from last year's Series. The events include seven competitions, five individual events and two four-ball events. There will be three age divisions, Mid-Senior (40-54), Senior (55-64) and Super Senior (65 & over). New this year, there will only be gross scoring (no net division). However, each age division will be flighted after the first round. The Winter Series is a great opportunity for golfers of all levels to compete in an FSGA event who normally may not because they do not live in Florida year round. This is your chance to play one or all of the scheduled events in a competitive setting.

Start planning your schedule now to play in the Winter Series events! For more information on the Winter Series or to enter, log on to www.fsga.org.
