## David Anthony Wins Mid-Amateur

Jacksonville's **David Anthony** claimed his second state title by winning the Mid-Amateur Championship at the Country Club of Ocala. He defeated **Ken Moody** of Ponte Vedra Beach 1 up in the match play final. Anthony also won the Mid-Senior Four-Ball in September at the Grand Haven Golf Club with partner **Wes Paxson** of Jacksonville.

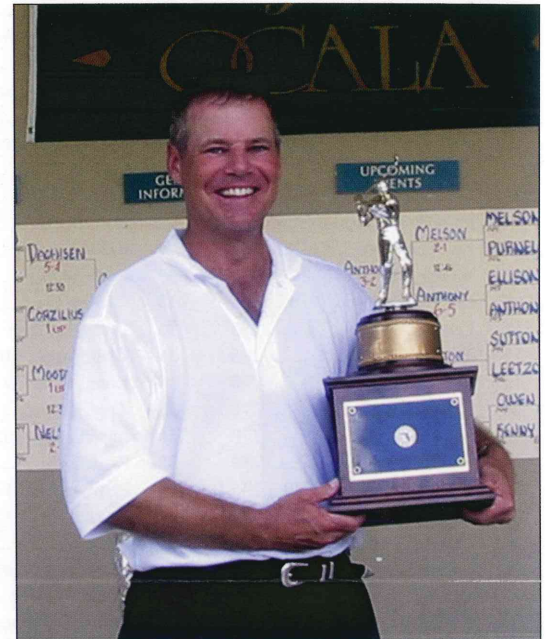

The field of 90 played 36 holes of stroke play the first two days to determine the top 16 that would continue with match play competition on day three. **Peter Dachisen**, Wesley Chapel, posted the top score for the two rounds with 69-71—140. Five players came in at 144: **Paul Melson** of Plantation, the 2001 Public Links Champion; **David Sutton** of Maitland, the 2002 Four-Ball and Mid-Am Four-Ball North champion; **Ken Moody** of Ponte Vedra Beach, a top five finisher at this year's State Amateur and a U.S. Amateur qualifier; **Steve Earsley** of Stuart, the 2001 Mid-Am Four-Ball South champion; and **Daniel Owen** of Ocala, the 1998 State Amateur champion.

Also included in the top 16 were **John Corzilius** of Englewood, the 2002 Mid-Senior champion; **David Anthony** of Jacksonville, the 2002 Mid-Senior Four-Ball North champ; **Mark Leetzow** of Sarasota, the 2002 Match Play champion; **Pipp Patton** of Tampa; **Samuel Martinez** of Miami, the 2001 Mid-Senior Four-Ball South champion; **Bill Nelson** of Lakeland; **Andy Purnell** of Jacksonville, a top three finisher at the 2002 State Amateur; **Mike Ellison** of Jacksonville; and **Edward Kenny** of Coral Springs, a 2001 U.S. Mid-Amateur qualifier. **Larry Lunsford** of Jacksonville birdied the par-3 16th hole in a playoff against three other players who also shot a two-day total of 147 to make the cut.

In the quarterfinals on day three, Corzilius birdied the 18th hole to defeat Dachisen 1 up. Moody won his match against Nelson after 22 holes; Anthony beat Melson 3 and 2; and Sutton was victorious over Kenny 2 and 1.

On the fourth day, Anthony won his semi-final match against Sutton 1 up - as did Moody in his round against Corzilius. During the final match, Anthony was 2 up after five holes. Moody recovered and then moved ahead to 2 up after 11 holes. After 13 holes the match was all square. Finally, on the 18th hole, it was Anthony who made a birdie to take the win.

# Southeast Challenge Team Named

The twelve amateur golfers that will represent Florida in the 2002 Southeast Challenge Matches were named today. The 9<sup>th</sup> Matches will be played October 19-20 at The Ledges in Huntsville, Alabama. The Florida team will face amateur teams from Alabama and Georgia.

Five of the twelve players were members of the 2000 Southeast Challenge team: **Billy Graham**, Pensacola; **Mark Leetzow**, Sarasota; **Don Lucas**, Valrico; **Doug Ritter**, Davie; and **Rick Wolfe**, Ft. Lauderdale. Also selected were **Joe Cristillo**, Crystal River; **Kelly Gosse**, Inverness; **Curt Madson**, Mount Dora; **Paul Melson**, Plantation; **Michael Nealy**, Boca Raton; **David Sutton**, Maitland; and **Aaron Tallman**, Pembroke Pines. Players are chosen based on Southeast Challenge points accumulated throughout the season or by being a captain's choice.

**Cristillo** is the 2002 and 2000 Senior Champion; **Gosse** was the medalist at a State Amateur qualifier recently and won the 2001 State Mid-Am Four-Ball North; **Madson** recently qualified to play in the U.S. Senior Amateur taking place September 28- October 3 at Jacksonville's Timuquana Country Club; **Graham** and **Lucas**, two captain's picks, are Southeast Challenge team veterans with plenty of national experience; **Leetzow** won the State Match Play Championship this year; **Melson** qualified for the upcoming 2002 US Mid-Amateur and is the 2001 Public Links champion; **Nealy** finished second at the State Amateur and qualified for both the U.S. Amateur and U.S. Mid-Am this year; **Ritter** was a quarter-finalist at the 2002 Match Play and finished fifth at the Mid-Senior; **Sutton** has won both the Mid-Am Four-Ball North and the Four-Ball Championships this year; **Tallman** qualified for the 2002 U.S. Mid-Amateur, placed sixth at the State Amateur, and had top five finishes at both the Public Links and Four-Ball championships; and **Woulfe** qualified for the U.S. Mid-Amateur this year, placed second at the Mid-Am Four-Ball, and came in third at the State Amateur.

The Southeast Challenge Matches are held every two years, rotating between Florida, Georgia and Alabama. The Matches are a Ryder Cup format consisting of four-ball, foursome, and singles matches over two days with one point awarded to the winning team for each match. One-half point is awarded to each side for halved matches.

The defending champion is Georgia who finished one point ahead of Florida in 2000 at the Idle Hour Club in Macon, GA. The total points for each team were Georgia 25 ½, Florida 24 ½; and Alabama 13. Florida has won four Florida Cup Matches – the last time being in 1998. These matches have been contested since 1989. They have been held eight times now having been suspended in 1992 and 1993. The matches switched to a biennial format in 1996.

# Searching for a Ball in a Bunker and Recreating the Lie

By Jack Pultorak

Director of Rules & Competitions

“Marcia, I’m sure that your ball went into this bunker,” I said.

“So am I, yet we can’t see it,” was her reply. “There’s brand new sand in this bunker so it may have plugged out of sight.”

“Maybe. Let’s take a look.”

Has that ever happened to you? You know that your ball went into a bunker yet you can’t find it. What’s the ruling?

There are different Rules that come into play in this situation.

## Rule 27-1

**First, the player is allowed five minutes for search; if the ball is not found in five minutes, the ball is lost and the player is required, under penalty of one stroke, to play a ball as nearly as possible at the spot from which the original ball was last played (see Rule 20-5).**

New sand or not, that means that you have to find it or it’s lost. Your caddie, opponent, fellow competitor, or their caddies, spectators and even officials can get in there and help look for it.

## Rule 12-1

**Secondly, in a hazard, if a ball is believed to be covered by loose impediments or sand, the player may remove by probing, raking or other means as much thereof as will enable him to see a part of the ball. If an excess is removed, no penalty is incurred and the ball shall be re-covered so that only a part of the ball is visible. If the ball is moved in such removal, no penalty is incurred; the ball shall be replaced and, if necessary, recovered.**

When it’s clear that the ball will not easily be found, you can grab a rake or a club and start moving sand or leaves to see if your ball’s in there. Don’t worry if you move the ball while looking for it. If you do find it in the bunker and move the ball in the process, you need to replace the ball and recover it and leave just enough of the ball showing so that you can see it. No penalty is incurred.

## Rule 20-3b (iii)

**In a bunker, the original lie shall be recreated as nearly as possible and the ball shall be placed in that lie.**

If you have made a mess of the lie in the bunker in the process of finding it with your rake or club or any other means and happened to have moved the ball, you need to recreate the original lie. If it entered into a footprint in the bunker, you recreate a footprint in the bunker and place the ball back into a buried lie in the footprint with just a small part of the ball visible.

Remember, use the index or the table of contents to find the correct rule that applies to the situation and follow the Rules of Golf to help yourself to enjoy the game of golf.

## Who's Who at the FSGA Office

Marcia Morris, Manager of Course Rating

**Staff Member:** Marcia Morris

### When did you start working for the FSGA?

I started three years ago when the FSGA office moved from Sarasota to Tampa in January 2000.

### FSGA Position and Responsibilities:

I do everything connected with course rating in Florida. This includes coordinating rating teams, computing new ratings using a USGA program, sending rating certificates to clubs, planning educational calibration workshops for raters to develop consistency within all areas of state in conjunction with rating tenets of USGA, planning Volunteer Appreciation Days and Captain's Calibration Workshops, and maintaining records of annual club membership and rating status.

### How often do you get to play golf?

I'm down to approximately 1 1/2 times a week average and my game is showing it!

### What is your handicap?

Aside from all those clever answers I can think of, my golf index has always been in a range of 12 to 16. I am running toward the higher part of the range right now.

### Other comments?

I did not start playing until I was married with children in school and wish I had been given the opportunity earlier. I played summers in the quad-cities, Illinois area in an inter-club league of six club teams. This is where I learned to enjoy the game, the variety of courses, and friendly competition, as well as the friendships developed with teammates and competitors.

I qualified to play here in the West Coast Women's Golf Association, which gives us the opportunity to play the best courses in the Tampa area in flighted competitions year round in our great weather. My husband and I have lived in Tampa the last 17 years. We feel fortunate to have family and good friends in the area and to be associated with golf through the FSGA!

## Inaugural Scholarship Tournament Set For December 7-8

### Proceeds will Benefit Member Club Employee and Dependents

The inaugural FSGA Scholarship Tournament will be held at Miromar Lakes Beach & Golf Club in Naples on December 7-8. Proceeds from this event will go to the FSGA Scholarship Fund, which assists employees of our member clubs and their dependents with educational costs. In addition, a portion of your team entry fee is tax deductible as the FSGA is recognized as a 501(c)3 charitable organization.

This summer, \$10,000 in scholarships were awarded to the following students: **Ryan Aites** of Lehigh Acres, **Bryan Amell** of Mulberry, **Jennifer Bell** of Vero Beach, **Jennifer Bowie** of Boynton Beach, **Kellie Gustin** of Daytona Beach, and **Christine Calvagno** of Delray Beach. The FSGA plans to award \$20,000 annually in scholarships.

Miromar Lakes is a new course located between Naples and Fort Myers on Florida's Southwest Gulf Coast. Designed by Arthur Hills, the course features long slender fairways, challenging water hazards, and sculpted greens. So join us for a great couple days of golf at beautiful Miromar Lakes and support the FSGA Scholarship Fund at the same time. Enter online at [www.fsga.org](http://www.fsga.org) or use the entry form on the next page.

## Governor Signs In New Florida Golf License Plate

### Call 1-877-GOLF TAG to order now!

A new Florida tag benefiting non-profit junior golf programs throughout the State of Florida was officially signed into law by Governor Jeb Bush during the August 27 cabinet meeting at the Capitol.

The Dade Amateur Golf Association initiated the effort and led by **Charlie Delucca**, founder of the Doral/Publix Junior Golf Classic, the largest junior golf tournament in the world. Funds generated by the new tag will provide funding and accessibility to the sport of golf for all children without regard to their socioeconomic status, physical disability, or skill level. Programs will provide instruction, equipment, clothing and snacks, after school and during the summer.

Lobbyist **Ron Book** successfully ushered the bill through the legislature, pro bono, emphasizing the benefits and many important life skills that golf teaches children, such as manners etiquette, honesty, integrity, and sportsmanship. The new plate will also enhance sales and play time in the golf industry, which will help the sport and the economy in the state.

Also attending the Cabinet Meeting was the new Junior Golf Council, appointed by the Florida Sports Foundation for funding allocation, marketing, and administration. These individuals include: **Andrew Crabtree**, Florida State Golf Association; Jim Kiely, ADVO, Former PGA and PGA Tour Member; **Charlie Delucca**, Dade Amateur Golf Association; **Susan Goldstein**, ARC Broward, YMCA; **Richard Bowers**, PGA Tour; and **John Saboor**, Central Florida Sports Commission.

The new golf license plate will be available in early November. At that time you you may purchase the tag without having to wait for your current one to expire. For information on purchasing the plate, call **1-877-GOLF TAG**.
